News: Aaron, 9, 'bullied to death for being white'

Read more: <http://www.thesun.co.uk/sol/homepage/news/4809890/BOY-thought-to-be-one-of-Britains-youngest-suicides-found-dead-after-months-of-jibes-says-family.html#ixzz2Lw1mv41N>

But despite complaints to the school, where 75 per cent of pupils come from ethnic backgrounds, they claim nothing was done to stop the bullying.

Heartbroken mum Kelly-Marie Dugmore is convinced the taunts led to her son killing himself two weeks ago. She sobbed: "We are not racist people. Aaron got on with all the children at his last school, and for him to have been bullied because of the colour of his skin makes me feel sick to my stomach."

"His family say that Aaron was threatened with a plastic KNIFE by one Asian pupil — who warned him: "Next time it will be a real one."

Oh, bad move. If that happened with my son, I'd be bitchslapping the kid up the side of the head myself or instructing my son to do it, or over at that family's house so fast for a little kung pao chicken and a hate crime.

**The Karamazov Idea**on February 24, 2013 at 3:31 pm

That's the one thing about the Palestinian/Israeli conflict I can't get on board with when people like the above "Brother Nathanael" start talking.

The Mohammedans are the gravest threat to this civilization and are non incorporable into any non-Muslim society. They are unconvertable, largely. Renowned Catholic scholar Hillaire Belloc probed this issue in his book, The Great Heresies.

I'm skeptical to claims of some Jewish shadow-caste. I'm not quite certain what would bind them together. The most powerful Jews in the world are more or less secular and only define themselves as "Jewish" when it is convenient for them (like when they are insulted). Otherwise they have no time for religion. Conservative Jews rag on George Soros and Ben Bernanke as hard as their Christian peers.

The Marxists are an odd bunch and they know no color nor creed but of secular state control.

**The Karamazov Idea**on February 26, 2013 at 4:27 pm

I'm interested in this fascinating explanation you have for why supposed genetic makeup predisposes one to take part in an international conspiracy. Also, you're going to have to account for the pesky fact that there are a large portion of Aryan

Jews through the practice of intermarriage in Europe (and semitic Jews have a level of disdain for the Aryans and so forth).

If you want to note that most of the corporate monopolies operate in collusion in the US and then note that they're Jews, that's one thing. To suggest that they are genetically predisposed towards manipulative policies due to ethnicity, that's quite another. Read Thomas Sowell's books on race and culture, if you can swallow a dissenting opinion.

“The NY Times Lied, Millions Died”

It's not surprising the NY Times didn't report on Holodomor, if indeed that's the case.

The NY Times at the time also hid the fact the Germans were murdering millions of Jews. It reported very little on the NZ atrociousness.

Today, the New York Times is squarely on the Arab's side. It has never taken Israel's side on anything, and it never reports on Arab terror against Israel. It usually sensationalizes anything anti-Israel while hardly mentioning Arab terror.

Get your facts straight Tyrone. The NY Time has never been a Joo newspaper despite its ownership. Your info is highly inaccurate, and it's by design – in order to give people a false picture of what really happened during that awful period in human history. Shame, Shame.

Doesn't change the fact that the leftoids/equalists within the Jewish and Swedish ethnic groups (and whites at large, for that matter) can't die out fast enough. Let equalists "save the planet" by refusing to procreate or mixing themselves out of existence so that rational people can take over.

Look at the chart under Electoral History. Natural selection in action.

Joo Kent Ekeroth speaking against Islamic gangs raping Swedish girls, and about who is really pushing multiculturalism – the Left who in Sweden also hates the Jooz and Israel.

He was asked why the Jooz are leaving Sweden and he says it's because of Muslim hate crimes against Jooz. Apparently, Jooz in Sweden don't want multiculturalism.

That's why it's wrong to blame the Jooz for multiculturalism just because of one delusional outsider woman. Who knows how long ago she was there and if her program hasn't been axed. And to dub the video "Jooz admit to destroying white race" is even more outrageous. But for joo haters, it's just sustenance. Anything they can find and twist to prove their evil agenda, they will do.

The Jewish dimension to this story is only occasionally Wheatland's explicit subject, but it is absolutely central nonetheless. Schlomo

Sorry Lily, smoked you out with another ham sandwich it looks like.

I refer you to Solzhenitzyn's last book "200 Years Together." It's pretty explicit what happened and who did it. I also refer you to Robert Conquest's book "Bitter Harvest".

BTW, saying the Holodomor is bullshit is indeed saying it didn't happen and going further than merely saying the Jews didn't do it. Nice attempt to obfuscate your collective guilt. If all Germans are guilty of the Holocaust, then all Jews are guilty of the Holodomor. Certain Jews most certainly did it. Jews most certainly occupied disproportionately high numbers of leadership positions among the Bolsheviks, especially in the intelligence and security services. The OGPU operatives who implemented the Holodomor were nearly all Jewish and their main leader and all of his key subordinate leaders were Jews. I used to wonder why the Nazis saw a need to eliminate the Jews from European society but no longer need to.

Anonymous

Which means that the Jooz are right when they regard Gentiles a lower form of human, devoid of common sense and compassion, as evident by the Romans, the Germanic tribes, and militant Islam. The proof is in the pudding.

Whatever disagreement you have with the Jooz, to say El FÜHRER was right after he massed murdered them is the height of evil. Next time Jooz tell me Gentiles did this to us or that to us, I won't be allaying their fears. I'll be telling them to do whatever they have to

neutralize their foes since it's obvious Gentiles really want to get them. And being that a Joo is more intelligent than the average Gentile, I'd say the Joo will win. 😊

Schlomo

on February 27, 2013 at 2:43 pm

I'd say the lower form of human is one that bites the hand that feeds and protects and seeks to undermine the host society they live in and gave them sustenance from their last bout of difficulty with an host nation. A few well placed arrests, treason trials, and property confiscations would be all that is needed to solve this problem. We would do just fine without you, far better than you would do without us. Germany is hardly suffering now that it has solved its Jewish problem once and for all. We would be no different.

I think some of you n-NZs, pagans, atheist, joo-haters, and Christian fanatics need to broaden your horizon.

The beloved Brother Nathaniel, do you know his history by any chance? Here some "illuminations" on the man.

The guy is a charlatan. The Internet is full of info on his chicanery. He was homeless living in his car, so a synagogue took him, fed him, and gave him a place to stay, but he was very disruptive and after living for free for months they had to ask him to leave. Ever since then he decided to get even with his people and make these hideous videos based on Gentile fears he picked up from the Internet.

He set up a fake foundation so that he could be collecting money from dupes who liked what they heard. The man is nothing but a charlatan, and what he is saying he knows will inflame certain people while he gets their financial support. It's all about the money for him, and hate for others.

Brother Nathanel AKA Milton Kapner exposed

No, his people don't act like this. His people give more charity than any other group. You should know that. You might agree with those charities, but unlike most other groups they do have a very strong commitment to giving charity.

No, the point is he's disgruntled, and when one is disgruntled, nothing he says could be taken at face value. He has an agenda, so everything he says is suspect.

He found on the internet what appeals to joo haters, and he is giving them exactly what they want to hear, hopping they will support his fake charity in exchange.

Both Whites (elites HATE HATE HATE ordinary Whites who they view as threats) and Blacks (constantly killing each other in a way no Chinese, Korean, or Japanese society would tolerate) have weak ethnocentrism. Blacks because of sexual patterns (Alpha cads, no beta dads); Whites because of the massive increase in elites ala "Mandarins" post WWII when corporate crony big business, government, media, much else got HUUUUGE.

That's not "Gods chosen people" (who might just as well be Mormons) b/c most urban Jews follow the same thing as other Mandarins, and have no real Jewish feeling. [Is Sarah Silverman a Jew? She might as well be from another planet as say, Ehud Barak.]

Lars Viker*on February 25, 2013 at 11:56 am*

Blacks have tons of ethnocentrism, they're just really prone to random violence, and other blacks just happen to be the closest things most of the times.

And yes, jewish people follow the elites, but as a group they're a lot more rabiate when it comes to multiculturalism. Doesn't mean they're all the same, of course.

If it were the jooz, then why are they leaving Europe by the drove, especially Scandinavia? Hey asshole,

This is what your 'natural checks and balances' is going to look like before long when White men adopt the tactics used by the Mexican drug cartels and start using them against their enemies here in the USA and globally.

Mexico's 49 Headless Bodies is Third Massacre in 10 Days in 'Triangle of Death'

Racer-X

on February 25, 2013 at 5:17 pm

Except for the Middle East, which is unsolvable, every single place white people had once colonized is better-off than the others that weren't, specifically those under British rule. See: Kenya viz. the rest of Africa.

It's true we've had slavery & segregation here in the US, but if Lincoln weren't assassinated, we could have just shipped them all back to Africa and let them exterminate each-other, Rwanda-style.

Third, peoples of the world have been screwing themselves just fine without whites for a long, long, time. Religious idiocy in the M-E, N.Afr, India, etc.

You just go check in on how democratic Saudi or Morocco are between the top guys and the common people in the streets.

The only thing that will fix them fucking themselves is an end to all forms of tribalism, and unifying many tribes into one, as cohesive, human-rights, free-market, enlightenment economies. The way Europe did bit by bit, for centuries, one “Join or Die” at a time.

So essentially, the shitholes of the world will fix themselves precisely: Never. And tribalism will be the reason.

uh

on *February 26, 2013 at 4:23 pm*

And in truly grand irony, the only way for white peoples to fix themselves (away from self-defeating ethnomasochism) — would be a sharp reversion *to* tribalism, i.e. inbreeding and ethnocentrism.

But that would be to rationally choose the irrational, which doesn't happen at the national level.

There is a profound lesson for whitey in the dysfunction of African governments. What keeps them from working up to European standards is precisely what makes their people vital, still “peoples” in more than a statistical sense. Nepotism at the top is just healthy family morality. Shantytowns and illegal electric wiring mean the proletariat aren't fully under the spell of the state.

Uh loves any people too vital to cast itself into living death with drink and self-hating homily: black, brown, or yellow.

In case your comment isn't intended to be sarcastic:

What we describe as "immigration" is actually the granting to non-Europeans of rights in and access to the collective territory, natural resources, and women of the European nations (the United States, Canada, Australia, and New Zealand inclusive). Unless this transfer is reciprocated—and it isn't—it results in a decrease in the European people's share of these vital resources and an increase in the share enjoyed by non-Europeans.

In their minds people must be of equal worth in order to be treated equally. And the worst part is they will pretend every kind of difference is explainable as a social construct and thus can be "changed". Even the most obvious things like men being physically larger than women. It is all an exercise in wishful thinking.

Feminists and the like will find every little offense and blow it up into a huge social injustice. In China feminists have even proposed changing hanzi characters thousands of years old so they can be rewritten with a "female" 女 radical. Thankfully most people didn't buy their divisive bullshit and ridiculed them into silence. The question now is, how long can we guard against this insanity, with western liberal ideas banging at our doors?

on February 26, 2013 at 4:30 pm

The trade-off in individual brilliance is the length of their racial antennae binding them as a group for common pursuits, as a rule completely unconsciously.

White men are so many millions of individual cargo cults, each with his little array of personal tastes, biases, and ideological preference. Juden form one super-cult which 99.9% of white people aren’t even equipped to understand. When we say “a Jew is a Jew is a Jew,” we are speaking from the Jews’ perspective.

A poster by the name of Cole Younger made what I thought was a very well articulated post on the "Return of Kings" site, as quoted below. It points out the self-inflicted hypocrisy whites put on themselves, and the cost that faces the white race if they should continue down that path. Copied below

IMHO writers in the manosphere who marginalize alt-righters and race realists generally fall into 3 camps and it boils down to their priorities.

- If you're non-white, you join the liberal everybody against whitey coalition.
- If you're a PUA, you join the rainbow pu\$\$yPalooza army.
- If you're a traditional Christian, its those magic words from that Bible that make someone your comrade.

For some people in my race, the white race, we're just like all the non-whites. We realize that loyalty to and leveraging our race provides ultimately the only real advantage to survival for ourselves and our children. If you're not willing to take your own side in this life competition, you will not survive, and that is the self-annihilating position of white liberals.

If only one race plays by "the rules" then that race is going to lose. And that is the existential threat facing my race, whose traditional homelands across this planet are being overrun by unlimited non-white immigration and constant pressure to accept and embrace assimilation or be banished from respectable society. London is now 45% white for instance.

This is not happening in Africa or Asia. Nobody is demanding the Japanese import and assimilate, ie. marry and procreate with Haitians. Nobody is calling Africans racist for wanting to stay African. But this is occurring in EVERY WHITE COUNTRY and ONLY WHITE COUNTRIES. Anti-racism is just a code word for anti-white.

Being pro-white does not mean hating other races, it simply means behaving as all races behave, respecting and defending their race. Its becoming the new normal. Its not going away by calling every white person willing to defend their race a nazi. Liberals are supporters of white genocide. They and their policies are a threat to the continuing existence of my race.

lol the USA was not founded on judeo-Christian values. The US is a product of the Enlightenment, which itself was a product of the Renaissance, which happened when intellectuals started rediscovering pre-Christian Greek and Roman philosophy (philosophy that Muslims had known about and influenced their golden age that happened while Europeans were self-flaggelating themselves during the dark ages). There are actually zero Christian ideals that went into the founding of the US; any that you think are are really ideals that Christians got from the Greeks. In other words, the US is what's pagan not nazi Germany. Nazis were actually very Christian and anti-Darwinist; in one of Hitler's speeches he prided himself on closing the last freethought society in Germany.

**lights***on February 25, 2013 at 5:03 pm*

Greek and Pagan philosophy made its way into Christianity around 400 AD via Saint Augustine of Hippo. Enlightenment thought is really more like a bastardized, universalist Protestantism than anything else.

Neither Nazi Germany nor the US were/are Christian. Nazi mysticism (check out Savitri Devi) and their symbolism (Black Sun, Norse runes) make me think they weren't so Christian. Now they did try to create a more Aryanized Christianity, for what that's worth, but that's a bit different.

The US was hardly Christian from its inception, on this you and I agree. The Founding Fathers may have preserved somewhat the nominally Christian social order (as opposed to the Jacobins who just shitcanned the whole thing) but Enlightenment values are hardly Pagan. Read the Sagas. Nary a dialogue (God how I hate that word) about universal human rights to be found.

It is a mixture of feminist propaganda advocating the “we are beautiful / sexy / deserving....no matter what we look like” mantra as well as tons of lower betas/omegas supplicators willing to kiss the a\$\$es of these uggos/fatties.

Add that mix to the fact that hamster rationalizations dictate that sex = commitment so even when these uggos/fatties get pumped and dumped by alphas and/or men with considerable higher points they would erroneously conclude they are capable of extracting commitment from same. That’s what creates the overinflated egos. One thing is certain, they would either realize that their self awareness has been faulty the entire time and adjust accordingly (thus settling) or convince themselves that they are happier being single for the rest of their lives. The funny thing is that there are so many betas/omegas who will never and/or are incapable of taking the red pill that some of these women will continue to live in la-la land....pretty much.

More like how modern conservatives consider blatantly anti-rightist ideas like democracy, gender equality, capitalism, the abolition of slavery and feudal tenures, and human rights as marks of Western superiority. Then they criticize non-Western cultures for “oppressing” their women, having strict sexual morals, or having a “democracy deficit”. They define Western superiority primarily in terms of being more liberal than the rest of the world. Sadly, this also describes much of the Alt-right/manosphere as well,

**Iain Johnston**on February 26, 2013 at 6:15 pm

These things aren't either-or. Western conservatives are perfectly justified in complaining about the Islamic oppression of women while at the same time bemoaning the corrosive effect that feminism has had on their own society, because there is a golden mean to women's freedom (as there is with everything else), and neither the West nor the Islamic world has found that golden mean. Most virtues lie between the extremes of two vices.

Sorry for the outburst, I just couldn't take it anymore...the reams and reams of self pitying justifications and mental masturbation, convincing yourselves that you deserve something from the world that you don't have the power to take.

God, I understand now what the problem with women is. I guess I had to see men doing it long enough to get it. Men should not be like this. I can't tell you what a man should be, but it should not be like this. This is an abomination. I feel it in the pit of my gut.

Try this thought pattern for awhile. Look in a mirror and say to yourself, "Because I can."

That is a whole lot more honest reason than any of the crap some of you constantly spew all over the comments here.

"Why did White people.....?"

"Because we could."

"Why do ___ corporations exploit...?"

"Because they can."

This is the reason anybody with power does anything, because they can, and it profits them. Justifications and rationalizations are for women and betas who need to feel like they're doing something nice when they're doing something cruel.

Fuck coating every god damned thing in nice. Please.

Wrecked 'Em

For a very long time the US Government enjoyed the position of not having to play a zero-sum game. The country grew and grew and revenues went up and up and the Government could use the marginal increases to grease every squeaky wheel.

on *February 25, 2013 at 12:43 am*

Sometime in the 90s that rocket ride tapered off. For the last 15 years we've been simulating (stimulating?) a non-zero-sum environment by running ever larger deficits and distributing what the Government borrowed to keep the population happy.

We're getting to the point where printing fiat money and borrowing at a near-zero bond rate isn't going to paper over the gap anymore.

As we approach the point where the Government has to take from one group to give to another the various factions are beginning to circle their wagons and the conflict drums are growing louder.

diversity + proximity – abundance = big, big trouble.

Although the "diversity" in the population is less likely to fracture along racial lines than it is to fracture along "single vs. married" and "old vs. young" and others that have opposing interests.

The the "good folk" stop tamping down on the small but radical portion of their in-group and instead "look the other way". The IRA never had more than 2,000 active members... yet they kept the British Army tied in knots for nearly 100 years. They could do that because they had the sympathy of the population.

"A legal order thought of as sovereign and universal, not as a means in the struggle between power complexes but as a means of preventing all struggle in general meaning that every will must consider every other will its equal—would be a principle hostile to life, an agent of the dissolution and destruction of man, an attempt to assassinate the future of man, a sign of weariness, a secret path to nothingness."

Wherever some of the usual butthurt took the comments, I think it's a very good post. Europeans are still being convinced that they had some sort of idyllic existence before 1950 or something. It's a historical rewrite of massive proportion that demeans everyone else, even those who very successfully survived and threw of colonization by Europeans, and created guilt in lower class Europeans who were, at worst, useful idiots. Most were struggling to survive while the upper classes thrived on their backs just like everybody else they could catch in their web of greed.

Nothing has really changed, and nothing is ever really going to change in that. All that can be done to endure this reality of the human condition is to remember and remind every generation to remind the elite who butters their bread.

Still, every generation, the upper classes do their damndest to make us forget and keep us at each other's throats for no good reason.

People need to be allowed to have their cultures. That is the frame in which men and women and if they're useful to the culture, those in between, define themselves and stay remotely civil. Take that away and well, you've got hooligans and sluts who don't know what the hell it is they're supposed to be doing.

I personally think it's a good idea for those who are being forced under the umbrella named "White" should resist and get back to their roots. It's fine if you prefer allies who look more like you, but you should at least stop letting yourselves get classed as universally monsters who deserve to be crapped on.

Law enforcement make request for "no hesitation targets".

No surprise they all represent whitey. Yep, not a single brown person in the lot.

You guys can all feel safe now, our police are training to take out pregnant women, elderly men, and children.

People with IQs at or below 100 should always assume they're equal to those with higher numbers, and talk to them accordingly.

You have nothing to learn from anyone else. Lecturing is better than learning anyway.

Equalism makes perfect sense.

In-fact, just assume you're the smartest person in the room at all times.

@ tyrone

If a group of gay men pinned a straight man down and raped him – and stimulated his prostate enough during the ordeal to cause him to ejaculate – would you say he had 'enjoyed' it, and thus it wasn't really a violation?

Rape is rape. The body can respond to stimulation even if the mind doesn't.

Your comment concerns me. Men and women who spout the 'enjoyment is consent' nonsense are the reason why male rape victims are not taken seriously.

Do you know how many of my female friends believe men cannot be sexually abused? They say similar things – he had an erection, he must have been turned on and loving it. Some women (and men) I have met almost seem to take a perverse delight in things like prison rape – they laugh, make a joke of it. Men en masse are not the enemy, and women en masse are not the enemy, but so many young people treat it that way.

It's all nonsense. And men are encourage to believe it too, which is why it makes it ten times worse when men are raped because no-one takes them seriously. Rape culture focuses almost entirely on our (women's) experiences, to the detriment of men who have suffered the same experience. How is that going to change when people still hold those outdated, nonsensical views!

Tyrone

I'd say they turned him out and that he enjoyed it and now has to deal with the consequences of his mixed feelings. I don't think I could ever feel raped by a woman for that reason either. Your line of thinking makes it possible for girls to cry rape when they had consensual sex because the guy didn't call her the next day. It makes it possible for her to say she was pressured into sex by her husband because he complaiend about being cheated by her refusal to honor the marriage contract. Your views are the ones that are nonsensical and unjust.

This site never gets more boring as when people starts talking about Jewish conspiracies and race wars.

Here is the scoop, kids.

The world is made up of assholes, and non-assholes.

Of the productive, and the parasitic.

Of the civilized and the barbaric.

Of the intelligent and the idiotic.

And so on.

Some of you, including I think our host, want to go the easy way and try and break it up into solidified racial or genetic markers that will automatically give you the lowdown of who is what and what they will or not do in given situations.

Good luck with that, because here's the problem...

There is obviously variance on any spectrum of characteristics for a group. Even if one could prove a pre-disposition of X from genetic group Y, there will be variance along that group. That means members of even your "preferred" groups will prove to be unreliable, disruptive, violent, lazy, etc., and members of your non-preferred will be much better neighbors, friends, spouses, etc.

What is needed, and what has been continually eroded for Western Civilization, is the idea of meritocracy.

Do well, behave, act responsibly, get a cookie.

Lounge about, misbehave, be a drain on society, get kicked to the frigid' gutter to die.

Really get out of hand, here's a bullet.

It's about culture, folks, not about race. Just because they can sometimes correlate does not mean they are the same thing.
